BE - Electrical and Electronics Engg

2010 - 2014

Francis Xavier Engg College

CGPA - 7.69

CERTIFICATION

MERN Stack Web Developer
Program at Error Makes Clever
Academy

PROFILE SUMMARY

As a fresher with a solid foundation in MERN stack development, showcasing proficiency in React, Node.js, API integration and MongoDB. Adept at JavaScript programming and eager to contribute to dynamic projects, leveraging strong problem-solving skills and a keen eye for detail.

PROJECT

Project - 1: Nostra E-commerce website (HTML, CSS, Javascript)

A sleek website crafted with HTML for structure, CSS for style, and JavaScript for responsiveness. Elevate your online shopping experience with a user-friendly design, seamless navigation, and adaptive interface. Explore a diverse range of products effortlessly. Welcome to a dynamic and engaging e-commerce platform.

Project - 2: Actodo (React.js)

A dynamic daily activity monitoring project with a sleek React.js frontend. Utilizing routes, it features three interactive pages for seamless navigation, offering a user-friendly experience in tracking and managing daily tasks

Project - 3: Weather App API (React.js, API Integration)

Developed a dynamic Weather app using React.js, fetching real-time climate data via APIs. Intuitive UI offers users location-based weather updates. Seamless integration of React components for a responsive and engaging experience. Stay informed with accurate weather conditions effortlessly.

Project - 4: Bulk Mail (React.js, Node.js, MongoDB)

Developed a Bulk Mail app using React.js for a dynamic frontend, Node.js for a robust backend, and MongoDB for efficient data storage. Enables seamless bulk email sending to clients, optimizing communication for businesses. Scalable, user-friendly, and secure.

SOFT SKILLS

1. **Communication:** Clearly convey ideas, actively listen, and tailor communication style to the audience.
2. **Teamwork:** Collaborate effectively with others, contribute to group projects, and work well in diverse teams.
3. **Adaptability:** Embrace change, thrive in dynamic environments, and quickly adjust to new circumstances.
4. **Problem-Solving:** Analyze situations, identify solutions, and make informed decisions.
